

# La Habra Heights is a Beautiful 'Village' to Live In...

## ...But not under an Oppressive City Government.

Residents of La Habra Heights cherish the splendor of our small community. We elect officials to protect and preserve the City's rural environment. While finances, fire protection and the General Plan are all important issues, this election also brings **your** privacy, the freedom to enjoy **your** property and the level of transparency of **your** local government into question.

### *Ask yourself, should...*

- The City use threats of code enforcement actions to keep residents in line?
- The City use helicopters to conduct aerial surveillance of your property looking for code violations as was proposed by Incumbent Howard Viperman?  
-12/09 City Council Meeting
- The City use your tax dollars to fabricate reasons to increase taxes and fees?
- The City have the right to access your property without notice and without question?
- I live in fear of my government?

***If the Answer is No, you must Vote on March 8th!***

## The Candidates

Retired Fire Captain  
Roy Francis

Educator Phil Lough

Larry Black, Vipperman's  
Appointee to  
City's Planning Commission

Embattled Incumbent  
Howard Vipperman

## Open and Transparent Government Should mean...

- You have a right to request public records or information without encountering intimidation or delays.
- The City does not misuse its power to control or attempt to disband volunteer organizations in the community.
- Taxpayer dollars are not used to control who you get your news from or edit what you can read, hear or view.
- City government listens to the residents and implements policies and practices based on community input, not from developers or outsiders.
- The City is forthright and truthful with information without misrepresentation.
- Residents do not fear the very institution they created, the City of La Habra Heights.

There are two choices in this election:  
Howard Vipperman and Larry Black who represent  
City government run by the government for the government  
Or  
Roy Francis and Phil Lough who represent  
City government run by the people for the people.

There is one designated polling place for the March 8th election.  
Location "The Park" gymnasium  
1885 N. Hacienda Blvd  
Polls Open 7AM-8PM

***We Support Open and Transparent Government,  
Shouldn't You?  
Vote on March 8th and Take Back Your Government!***
